- Please note that there are several water aerobics classes that utilize the therapy pool. Depending on class size, the Therapy Pool may be unavailable during these classes. Please see the Aquatics Class schedule for details.
- The Therapy Pool is also utilized for Parks & Recreation swim lessons throughout the year. Depending on class size, the Therapy Pool may be unavailable when swim lessons are in session.

LAP SWIM PROTOCOL

1. Swimmers may be required to share lanes during busy times. Without lane sharing only one person per lane (a maximum of 8 swimmers) could enjoy the pool at a time.
2. It is common lap swimming etiquette for swimmers to share lanes as follows:
 - A. SWIMMING SIDES- with two swimmers in a lane, each swimmer should pick a side and stay on that side.
 - B. CIRCLE SWIMMING- When there are three or more swimmers in a lane, swimmers should "circle swim," which means to swim in a circle within the lane, always staying to the right side.
3. If there are more than two (2) swimmers in a lane, be considerate when passing, by speeding up or when passed, by slowing down so the pass may be made quickly.
4. If you find you are in a lane that is too slow for you, please move to a lane with swimmers closer to your swimming speed.
5. Never dive into the shallow end of the pool and never dive into a lane that is already being used. Please tap the swimmer's foot or hand to let them know you are entering the lane.
6. Be considerate to others. Look where you are swimming.
7. Lap swimmers should swim within the lap lane lines only. This is for your safety and the safety of other patrons. If no one else is swimming in the pool, please ask the life-guard on-duty before lap swimming OUTSIDE the lanes.
8. If you have any questions about lap swimming, please see the Aquatic Manager or the Head Guard on-duty.

Thank you for observing Falling Springs' Lap Swim Etiquette. We want everyone to have a safe, enjoyable experience when visiting the facility.
