

Setting up Safety

ADULT MIX VOLLEYBALL COVID-19 SAFETY PLAN

1.) CLEAN HANDS

All players must sanitize hands before playing. There will be hand sanitizer stations near each court for use.

2.) BALLS AND EQUIPMENT

All balls will be disinfected before each game and the Monday after we play. Once all equipment has been put back into the closet a Parks and Recreation staff member will sanitize everything.

3.) TEMPERATURE CHECKS

Upon arrival to Falling Springs each participant will have their temperature checked.

4.) MASKS

We encourage that you wear a mask when entering and leaving the facility, but this is not required. Parks and Recreation staff and contract employees will be asked to wear a mask while engaging with players.

5.) AVOID TOUCHING YOUR EYES, NOSE OR MOUTH

Bring a towel and wear a headband and or wristbands to wipe away sweat. If you do touch your face, sanitize your hands.

6.) MAINTAIN SOCIAL DISTANCING WHEN POSSIBLE

NO SPECTATORS and we ask that when you are not in rotation, please maintain social distancing.
